Abstract

Tsunami leads the problem to the development of our country. Some sectors affected by the tsunami disaster occurred on 26th December 2004, such as tourism, fishing, small industries, agriculture, transport, communication, electricity and others. Comparing with other sectors the fishing industry is mostly devastated.

Fishing industry is contributing 2.5% in gross national product. This industry provides direct and indirect employment opportunities. Recently, this makes foreign exchange to our country. Trincomalee district is famous for fishing industry. In the Trincomalee, fishing industry mostly affected by the tsunami disaster. Therefore, this area select for the research. The motive of research is the impact of fishing industrial by tsunami in Trincomalee district.

It has consisted of five chapters. Those are Introduction, Literature review, Data Presentation, Data Analysis, and Conclusion, Recommendation and Implication.

In the first chapter it has considered the introduction, problem of research, objective of the research limitation, assumption and conceptualization of research.

All the data collected by issuing questionnaires were presented and analyzed in third and fourth chapter. The presentation and analysis includes responses to impact in economic, social, psychology and environment factors.

Eventually in the final chapter it has included conclusion, recommendation and implications to achieve the research objectives.

CONTENTS

	Pages
Acknowledgement	I
Contents	II-III
List of tables	IV-V
List of figures	VI

CHAPTER – 1 OVER VIEW OF THE STUDEY I-11

- 1.1 Introduction
- 1.2 Research area
- 1.3 Problem statement
- 1.4 Objective of the study
- 1.5 Significance of the study
- 1.6 Methodology
- 1.7 Conceptualization
- 1.8 Limitations of the study
- 1.9 Assumptions of the study

CHAPTER -2 REVIEW OF THE LITERATURE 12-24

- 2.1 Introduction
- 2.2 Tsunami
- 2.3 Tsunami in Sri lanka
- 2.4 Impact of the tsunami fisheries and coastal livelihood-Srilanka
- 2.5 Summary

CHAPTER -3	DATA PRESENTATION AND ANALYSIS	25-51
3.1	Introduction	
3.2	Personal information	
3.3	Research information	
3.4	Over all analysis	
CHAPTER - 4	DISCUSSIONS	52-61
4.1	Introduction	
4.2	Discussion on personal information	
4.3	Discussion on research information	
CHAPTER – 5	CONCLUSIONS AND RECOMMENDATION	62-72
5.1	Introduction	
5.2	Conclusion	
5.3	Recommendation	
5.4	Implication
