ABSTRACT

Researches are undertaken by various Universities in their regions in order to identify strategies that would focus on the economics development of the country basing on the human resources and other resources, which are important in the country. University policies are involved in creating avenues for such activities. As such the requirement of the syllabus of our University to submit such a project encourages us to think about the developments of our region and plan the possible and practical activities.

Various sectors constitute in the development of a country. In this context industrial sector and small scale business sector occupies an important place. Capacity of the organizations functions as the basic requirement for the growth of the organization as well as the country. I have accordingly "The Development of small scale businesses in Vavuniya divisional secretariat Division." as my project. Consequently I have undertaken the research on Development of small scale businesses, productivity, and profit of this particular region and their relations with each other factors are identified and submit recommendations which had been determined to the best of the my knowledge. For this purpose I have titled my project "The Development of small scale businesses in Vavuniya Divisional secretariat Division." My project titles have been divided into five chapters for the purpose of the research of the project.

Accordingly the first chapter I have analyzed the objectives of the project, research models, area of research and a review of small Businesses in Vavuniya divisional secretariat division. Review of books on the related sector had been reviewed in the second chapter. Methodology of the project has been concentrated in the third chapter and submission of data and analysis are considered in the fourth chapter. The fifth chapter contains the conclusion and recommendations.

Thank you.
